

**The Shriram Millennium School, Gurugram
Circular for Classes Ankur & Kalika**

TSMSG/CIRC/2021-22/86

Dear Shri Mitr,

Date: 07th February 2022

Namaste!

The most awaited annual event of the year – TSMS Shri Khel 2022 is just round the corner!

In keeping with our vision to provide our children a host of opportunities that enable them to be well rounded personalities, we at TSMS ensure that academic endeavours go hand in hand with our physical fitness and sports programme. Through the year, children are involved in a number of fun packed fitness activities that aim at enhancing not only their stamina and dexterity but also mental agility and teamwork.

You are invited to witness an exciting and thrilling show of physical fitness and strength of our children of Classes Ankur and Kalika on

Date: Friday, 11th February 2022

Time: 9:30 am onwards

It is a great opportunity for our children to validate, what fun it is to follow a well-defined fitness regime as they showcase their competence in a host of skill building games and fun activities, albeit virtually. In addition, this is a chance for parents and children to team up and participate in an array of activities planned. So, begin your warmup as this is bonding time with your child in the safety of your homes, in your gardens, roof tops or balconies! We are sure that the day will be an eventful one that will bring back memories of your childhood.

As with all our events, we request you to take note of a few pertinent points that are given below:

- All children are requested to wear their house T. Shirts (or T shirt of their House colour) and Blue/ Black Track pants. Parents may also wear T-shirts/sweatshirts in the colour of their child's House.
- There will be fun activities conducted by the class teachers and sports teachers' section wise, on Microsoft Teams platform. The links for the same will be shared by the respective Class Teachers closer to the date.
- The list of material required for the activities that children and parents will be involved in is shared below.
- All children and parents are requested to join through the shared link according to their time slots and there will be no regular classes on that day.

We look forward to your presence and participation in **SHRI KHEL 2022– A Day that promises to be exciting, fun, and a memorable one for all.**

Warm Regards,

Anuradha Gupta

Circular for Classes III to V**

TSMMSG/CIRC/2021-22/88

Dear Shri Mitr,

Date: 10th February 2022

Namaste!

We are delighted to share that The Shriram Millennium School, Faridabad, will be co-hosting a virtual session organised under the **SPICMACAY Craft/Folk/Talk Series on Sunday, 13th February 2022 at 12 noon for Classes – III to V.**

During this session, our children will learn about the ancient craft of **Kalamkari (Mata ni Pachedi)**, which is a traditional form of painting with natural colours on cotton cloth. They will interact with none other than Bhanu Bhai Chitara, whose family has been practising this art for at least 400 years. Bhanu Bhai has also won a national award for his work in 2012, from the President of India.

The children attending the workshop will need to have the following material with them and try the art form alongside the craftsman.

- Pencil
- Eraser
- Brush (Numbers 0 & 6)
- Camlin regular colour
- Drawing book/sheets

Please make a note of the following details: -

- The platform for the session is Zoom. The link for the same is:- <http://bit.ly/smvolunteermeet>
- The children must login by 11:50 am.
- They must keep their cameras on and mikes on mute throughout the session.

We are sure this session will be a wonderful learning experience for all.

Warm Regards,

**Ms. Anuradha Gupta
(Principal)**

**Ms. Alpa Varma
(Vice Principal)**

**The Shriram Millennium School, Gurugram
Circular for Classes IV to VIII**

TSMMSG/CIRC/2021-22/93

Dear Shri Mitr,

Date: 22nd February 2022

Namaste!

**“The good thing about Science
is that it’s true
whether you believe it or not”**

Science is beyond our limits. Everything around us is science. **National Science Day is celebrated in India on 28th February each year to mark the discovery of the Raman Effect by Indian physicist Sir C. V. Raman.** This is a day to spread a message about the importance of science used in our daily life and to display all the efforts and achievements in the field of science for human welfare.

National Science Day is an annual event on our academic calendar. With an endeavour to promote scientific defiance among budding young scientists, a variety of age-appropriate activities are planned for Classes Ankur to VIII, that will be performed under the guidance of the teachers during the entire week. This will be our initiative to make the students understand that **Science is Fun.**

A special assembly will be conducted on **Monday, 28th February from 10:30 am to 11:30am to celebrate The National Science Day 2022.** The highlight of this assembly will be an interactive session with **Dr Anurag Kumar**, an ex-Director of the Indian Institute of Science at Bangalore, India from 2014–2020.

The link for the session is given below:-

[Click here to join the meeting](#)

We are looking forward to an enjoyable learning week for our children.

So, Let’s Dive into The World of Science on this Science Day!

Warm Regards,

**Ms. Anuradha Gupta
(Principal)**

**Ms. Alpa Varma
(Vice Principal)**

TSMMSG/CIRC/2021-22/94

Dear Shri Mitr,

Date: 23rd February 2022

Namaste!

It is a pleasure to have our children physically back in school. Please be assured that our top priority is to maintain a safe environment for our children, members, and staff.

We continue to follow all the appropriate guidelines with regard to how educational settings should handle the current situation.

We have increased our daily disinfecting of frequently-touched surfaces – including doorknobs, ramp handrails, restroom faucets, tables and commonly handled areas. Regular handwashing remains the most effective way of avoiding picking up any virus. Our toilets are checked several times a day to ensure that there is adequate soap, and hand sanitizer for students to use.

We are requesting you, parents, to keep any children not feeling well, at home for their safety and the safety of others. We will call you to pick up your child if they appear to have a cold or temperature.

Together we can keep our school in a healthy and safe environment.

Warm Regards,

**Ms. Anuradha Gupta
(Principal)**

**Ms. Alpna Varma
(Vice Principal)**
